

# Infotainment

The Valid Infotainment system offers a rich infotainment touchscreen experience.

**Advanced Technology. Simple Solutions.**

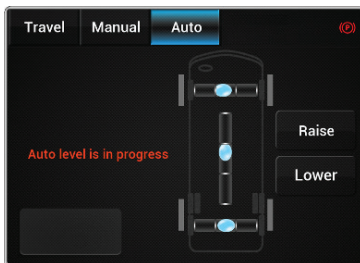

1-888-632-6477   sales@validmfg.com   validmfg.com

## FEATURES

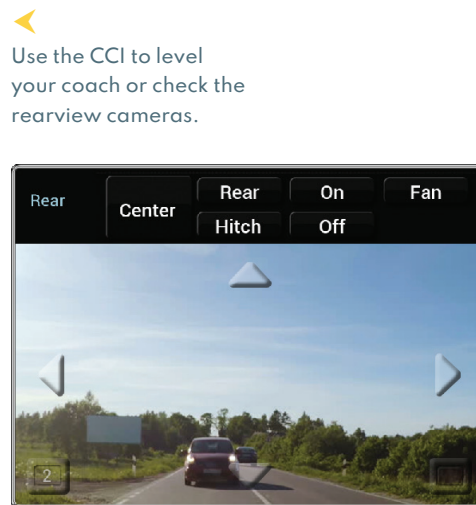

- Quad-core processor power supports a graphics engine similar to Tier 1 automotive applications.
- Wide operating temperature range.
- High native brightness display coupled with strengthened anti-glare glass ensures a durable, easy-to-read experience.
- Valid Manufacturing is well-known for providing superior products and customer service. Our commitment to our customers continues long past product delivery.

Audio display

If equipped with the Valid TrueLine Leveling System.

Use the CCI to level your coach or check the rearview cameras.

## FUNCTIONS

Control a variety of cabin, chassis, and house functions. Core controls include:

- Audio
- SiriusXM
- Phone
- Cameras

Other options\* may include:

- Leveling
- Climate
- Slides
- Mirrors
- Steering Column
- Settings

*\*Additional options possible.  
Contact us to discuss other concepts.*

Rotary knob/joystick can be configured as a secondary control as well as a unified connection to the Valid Graphical Instrument Cluster.

Five or six 'hot keys' surrounding the knob can be custom programmed and printed.
