JOINT USE PEDESTALS

AJP

This family of Joint Use Pedestals is an easily-installed pedestal ideal for power, telephone, or cable applications. These direct burial pedestals are available in single, two-way, and three-way configurations. The 14GA galvanized steel body construction offers additional corrosion resistance, while the PC115 Seafoam Green powder coat paint offers a durable finish.

Features / Specifications

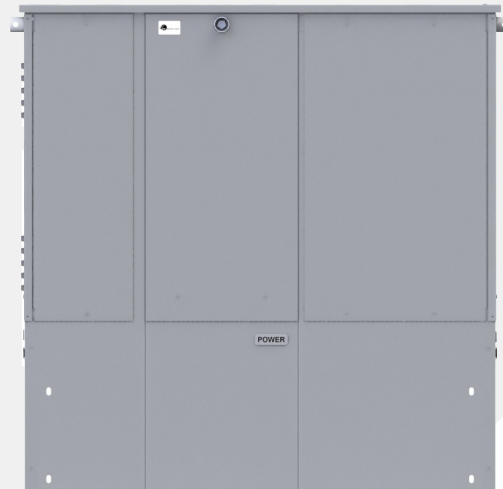

- Galvanized steel construction
- 3/4-in Plywood panel in CATV / TEL sections
- Ground bar termination
- Grade level marked on pedestal
- Padlockable doors
- Removable side panel on TEL section
- Complies to Fortis, ATCO, and City of Lethbridge distribution standards
- PC115 Seafoam Green powder coat finish

Options

- Ground stakes
- Mounting hardware
- Street light base-mounting bracket
