

Advanced Technology. Simple Solutions.

WALL MOUNT OUTLET BOX WITH WHILE-IN-USE COVER

EPBF

The EPBF wall mount outlet box is designed for parking lots, rail mount applications and campgrounds. The galvanized steel body construction provides additional corrosion resistance and the While-In-Use flip lid cover provides additional environmental protection. Multiple mini-breaker, receptacle and mounting configurations allows for ease of use in many applications. The Type 3R weatherproof design can be used in both indoor and outdoor applications.

Features/Specifications

- Galvanized steel construction
- CSA Type 3R rated
- While-In-Use flip lid cover
- Raised mounting dimples on rear
- Mini breaker protection where required
- Ground lug
- Commercial grade receptacles
- PC101 Grey powder coat finish

Optional Items

- Additional receptacle configurations
- 15/20A receptacles
- GFI receptacles
- Custom powder coat colours
