FARM DISTRIBUTION CENTER

FDC

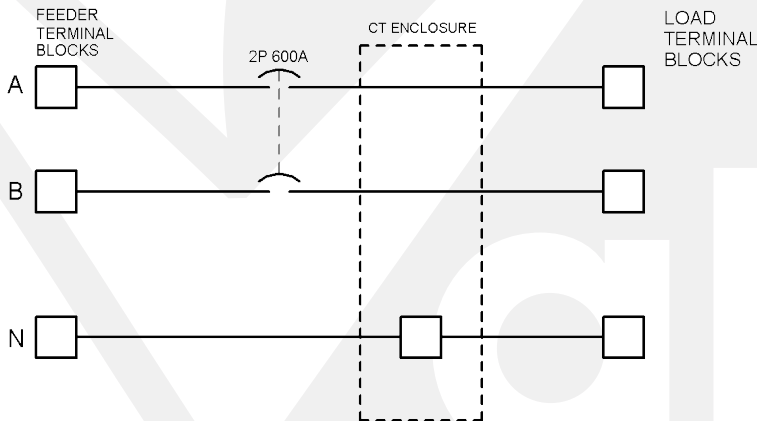

The FDC Farm Distribution Center is a freestanding, all-encompassing, pad-mount enclosure approved for use by local power utility and used primarily for power distribution on farms. Factory-wired secondary lugs enable easy connections of multiple cables for larger-sized wires. The weatherproof design is ideal for outdoor use. Standard PC101 Grey powder coat paint provides a durable finish.

Features / Specifications

- Steel construction
- CSA Type 3R rated
- Padlockable 3-point handle
- Service entrance rated main breaker with lock off
- Ground bar with lugs for grounding circuits
- Utility approved CT enclosure
- Complete factory wiring to line and load termination lugs
- Louvers with bug screen
- Pad-mount design
- Removable lifting ears
- PC101 Grey powder coat finish
