## THE PERFECT FIT

This innovative design is built to suit, offering full customization of height, depth, and width.

Unlike traditional systems, it eliminates the risk of damaging leaks by removing bulky hydraulic components.

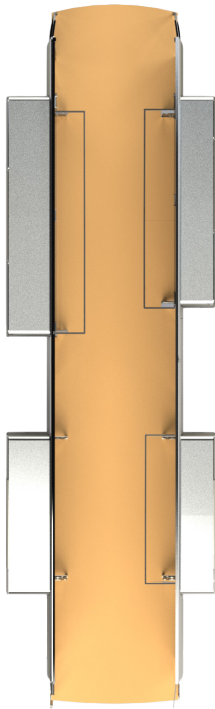

Durable aluminum frame ensures longevity, while a pneumatic seal system provides superior weather protection.

With low-friction precision, it sets a new standard for stable, reliable room extensions.

## SPECIFICATIONS

- Dimensions are specific to customer application
- Width range—up to 16'
