

Advanced Technology. Simple Solutions.

UPS13

The NEMA 3R enclosure is designed to support a UPS and is mounted to the back of an existing intersection control cabinet. It is large enough to support a UPS and four smaller batteries.

Features / Specifications

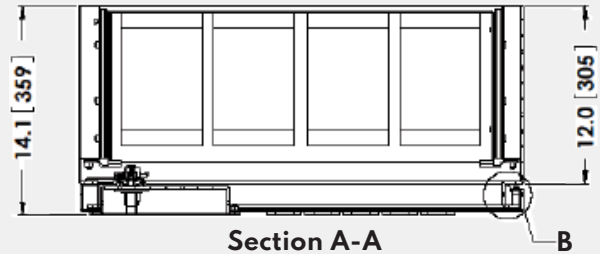

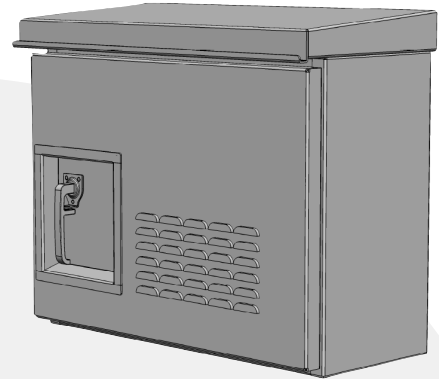

- 304 (#4) stainless or marine-grade aluminum construction
- Aluminum enclosures are powder coated PC101 Grey
- NEMA 3R rated
- Padlockable 3-point latch mechanism on door
- Recessed handle
- Hidden hinges
- Slanted roof to repel rain, ice, and snow
- Filtered louvers
- Cabinet or base mount
- 200 lb rated battery shelf with rollout feature
- All mounting hardware included
- ETL-certified to applicable CSA and UL standards
- 1/8-in marine-grade aluminum construction

Options

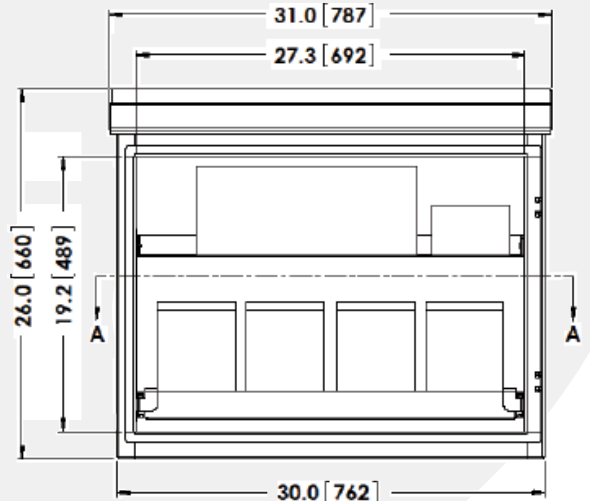

- Police door
- Generator outlet
- Custom powder coat colors

Benefits

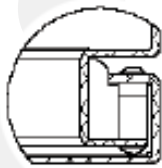

The rollout shelf of this UPS cabinet provides a convenient way to test and change the batteries. Its recessed handle and hidden hinges provide added security.
