# WEATHERPROOF SPLITTER / TRAILER BOX

## VSB

The VSB splitter box is used in outdoor applications for protection from rain, sleet, and snow. These splitters are rated Type 3R and manufactured with galvanized steel or marine-grade aluminum for additional corrosion protection. The padlockable, lift-off cover allows full access to wiring on splitter blocks.

### Features / Specifications

- CSA Type 3R rated
- 600V maximum, 3-pole or 4-pole
- Cu / Al rated lugs
- VSBG splitter boxes include ground lug
- Raised rear-mounting holes
- Padlockable, lift-off cover
- Custom sizes, material, and colour available
