ALUMINUM WEATHERPROOF HINGED JUNCTION BOX

VWHA

The VWHA junction box comes with padlockable hinged lid to be used in outdoor applications for protection from rain, sleet and snow. These enclosures are rated Type 3R and manufactured with marine-grade aluminum I for additional corrosion protection. Backpans are standard for ease of mounting equipment.

Features/Specifications

- Marine-grade aluminum construction
- Pour in place gasket
- CSA Type 3R rated
- Wall mount ears top and bottom
- Hinged door with gasket
- Padlockable hasp
- Galvanized backpan standard
- Natural finish
- Custom sizes, material and colour available
